Class Name: Conisbrough

Term: Term 1 2024-2025

What we have been learning this term:

If we could show our progress in fish... look no further than our photos! Fishing in September vs October! Conisbrough have had such a brilliant start to the academic year.

We have moved into our own newly refurbished building @Theale and have been busy learning Maths and English focusing on functional skills and applying those skills to real life situations.

In English we have looked at filling in forms, writing formal letters, as well as considering leaflets and brochures produced to give information.

During Science, we have learned about communicative and non-communicative diseases, how to stay as healthy as possible by looking after ourselves and how we are advised to do this by the NHS and other trusted sources. Alongside this we have been learning some first aid skills, able to put someone in the recovery position and what to do to help in an emergency situation.

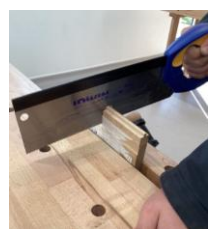

Conisbrough students have been thinking about their future, and considering what skills might be needed for certain jobs. They continue to enjoy and progress in various activities. Life skills have been honed in Cooking, Enterprise (starting and budgeting a business) and Design and Technology where students are learning to use hand tools and make things with wood.

Out and about there is climbing, parkour and some students are continuing to care for animals at the farm, making enrichment toys for the donkeys. The Indian Runner Ducks have completely grown up from the fluffy yellow ducklings they were last summer. We could hardly recognise them on our first visit.

Have a happy half term!

Conisbrough Team
Karin, Michelle, Jonny and Jordan

Some photos of us!

Dates & Points to remember:

Last day of term: Friday October 25th 2024

First day back: Monday November 4th 2024
