Class Name: Term: Danby

Term 4 2024-2025

Topic: Reduce, Reuse, Recycle

What we have been doing this term:

Some photos of us!

Danby Class has had a very busy term. We have been reading books about recycling and discussing the effects that plastics have on our oceans and environment. We have recycled many items. We turned plastic bottles into bowling pins and fish (to go along with the story *The Odd Fish*) and used old newspapers to make a shark.

In Maths, we have been learning about 2D and 3D shapes and finding them in our environment. We have also practiced sorting items by their attributes.

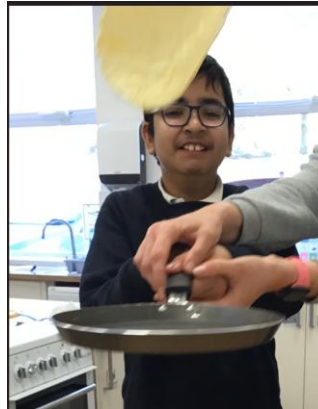

Danby Class has been going on shopping trips to Tesco to purchase items for our cooking activities.

We've also been to Sainsbury's on World Book Day to pick out a book. Danby went with other classes to the Winchester Science Centre, where we experimented with sound, lights, and did other activities. We even saw a show in the planetarium!

Danby has been learning about rhythm in music and has been going to the hydropool in PE. We've been enjoying both activities with Charles and Avril.

In cooking, we have made cheese toast, scones, biscuits, pancakes, toad in the hole, and flapjacks.

We look forward to a wonderful Easter holiday and the start of our next term.

Dates & Points to remember:

Last day of term: 4 April
First day back: 22 April

28 April Youlbury Trip
