

Classroom News

Class Name: Cardiff Term : Summer 1 2024

What we have been learning:

This term our topic has been 'Build it up'. We have been building using cardboard boxes and duplo and reading the story of 'The three little pigs'. We have made the most of (the brief spell) of sunshine and had lots of water play. The children have played together brilliantly in the water, splashing and squirting each other.

We also had a trip to Pets at home. We went on the minibus. We watched all the cars out of the window. When we got to Pets at home, we went to see rabbits, guinea-pigs and lots and lots of fish. The fish were a huge hit with everyone.

Magic moments

We have had lots of wonderful magic moments this term including;

Lily was amazing during our visit to Pets at home. She went into the shop and spent ages looking at the fish. Lily we were so proud of you.

Aslan has continued to communicate with staff, using a symbol to request 'more' bubbles or to be squirted more with a water pistol.

Aslan was also amazing during our visit to Pets at home and loved watching the fish.

Emilia has been taking a brilliant interest in herself and other people. She has spent time looking at her own reflection and has been doing some 'intensive interaction' with Anne which has been wonderful to watch.

Hafsah has had an incredible term. She has worked so hard, telling us what day of the week it is and what the weather is like and also reading words such as rabbit, ipad, happy and toilet. We are so proud of your Hafsah.

Dates

Term ends – Friday 24th May

Summer term 2 begins – Monday 3rd June
