Class Name: Pendennis Term: Summer 2

2023-2024

Topic: What's on your plate?

What we have been doing this term:

Our topic this term has been 'What's on your plate?' We have been exploring different foods through food play, focusing on different textures, smells and taste.

During topic, we have learned about where our food comes from. Including where fruits and vegetables grow and which animals produce different meats/animal products.

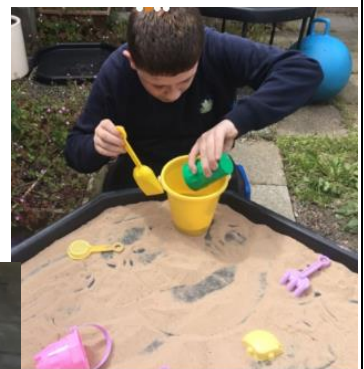

We have taken many of our lessons outside, when the weather has been nice. We have used chalk, maths resources, sand and many other resources to support our learning.

Sensory circuits has been great for getting our bodies moving, and ready for learning. We have focused on alerting, focusing and calming activities.

We have also enjoyed our weekly visits from Make/Sense Theatre, exploring the world of dreaming this term.

We hope you all have a wonderful summer, and look forward to seeing everyone in the new academic year.

Some photos of us!

Dates & Points to remember:

Last day of term: Wednesday 24th July

First day back: Thursday 5th September.
