Class Name: Wallingford

Term: Term 6 2023-2024

Topic: Travel

What we have been doing this term:

This term Wallingford have been learning about travel, we have focussed on our learning through planning trips and visits. Our first project was visiting Finkley Down Farm. We researched the venue using our ICT skills, emailing the venue for more information, asking important questions about the visit. In maths, we planned the best season, month and found a free day in our calendar. We planned the itinerary of the day using digital clock faces. We learned about all the animals we would see there and about important hygiene. When planning what the tip would cost and what spending money to take we explored how we can keep our money safe.

Our second project was planning our visit to Cotswold Country Park and Beach. Our focus was water safety as well as keeping safe in the sun (which, sadly, wasn't a problem on the actual day!)

Students from Wallingford class also visited Paultons Park as part of a whole school visit and planned picnic trip to Dinton Pastures. In such a busy term, they also enjoyed their prom!

Have a wonderful summer everyone.

Emma, Michaela, Jessie, Laura & Maveric

THE WALLINGFORD CLASS TEAM

Dates & Points to remember:

- Tuesday 23rd July – Beachfest @P-16
- Wednesday 24th July – last day of term & school disco
