

Classroom News

Class Name: Lulworth

Term: Term 6 2023-2024

What we have been learning this term:

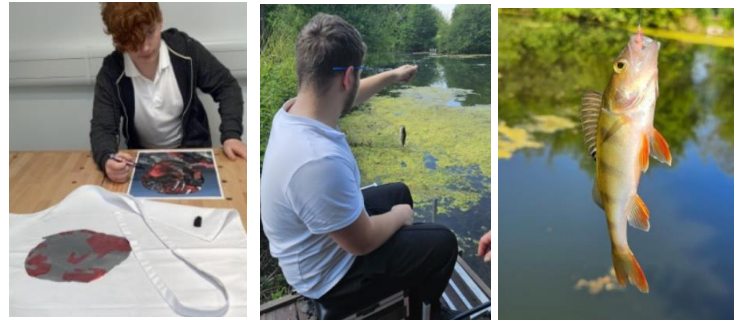

Lulworth have had a brilliant summer term, ready for a well-deserved break. In maths Lulworth students have been consolidating their knowledge of the vocabulary used to know which calculation is needed, understand reverse operations and improving their functional skills to use maths in real life. English skills have been taught across the curriculum including current affairs in particular due to the general election. Students have enjoyed some of our external provision: At Earth Trust we have been foraging for natural ingredients to cook with, elderflower and edible wild foliage and were most privileged to be able to access a real-life archaeological dig discovering artefacts from around 300AD. Gymnastics and Parkour continues to be a favourite activity where pupils have really pushed themselves, overcome fears and persevered to improve their physical abilities. Climbing, has been all about problem solving and working with others. At Smelly Wellies there are now pigs to look after as well as the usual suspects and an ever-increasing troop (that is the correct collective noun!) of guinea pigs. One of our students has given a fishing a go with huge success, catching several rudd and perch. We have welcomed someone new into class and have all worked together in the classroom, to learn collaboratively, share jokes and many a game of Connect 4 and Chess. Everyone's imagination has been captured and students are busy planning exciting, personalised projects with our fabulous new DT teacher! Other activities have included car washing services, programming with Scratch, cooking sweet and savoury dishes, learning how to make cheese sauce, sausage rolls and testing out different bases for pizza! 😊

Have a super summer holiday!

Lulworth Team

Karin, Lauren, Michael, Jonny and Sam

Some photos of us!

Dates & Points to remember:

Last day of term: July 24th 2024

First day back: September 5th 2024
